RESPONSE TO ELECTION OF SPECIES REQUIREMENT

COMMISSIONER FOR PATENTS
ALEXANDRIA, VIRGINIA 22313

SIR:

In response to the Office Action dated March 31, 2006, Species I, which the Office Action asserts corresponds to Figures 1-3, is elected with traverse. Accordingly, claims 1-9, 25-27, 29, 35, 42-47 and 49 are identified as reading on the elected species.

The outstanding requirement is traversed for several reasons.

First, the outstanding Office Action merely includes the conclusory statement that "[t]his application contains claims directed to the following patentably distinct species" without stating any basis whatsoever in support of such a finding. This is in violation of MPEP § 816, which states:

The particular reasons relied on by the examiner for holding the inventions as claimed are either independent or distinct should be concisely stated. A mere statement of conclusion is inadequate. The reasons upon which the conclusion is based should be given.

In the absence of any annunciated basis, it is submitted that the PTO clearly has not carried forward its burden of proof to establish distinctness.

Further, MPEP § 806.04(f) requires:

Claims to be restricted to different species must be mutually exclusive.

The outstanding Official Action fails to address in any way whether the pending claims recite mutually exclusive characteristics and this failure provides a basis for traversing the election of species requirement.

Finally, MPEP § 803 states:

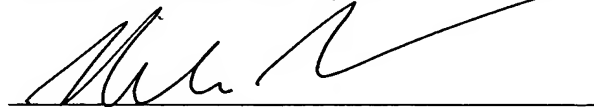

If the search and examination of an entire application can be made without serious burden, the Examiner must examine it on the merits, even though it includes claims to distinct or independent inventions.

The claims of the present invention would appear to be part of an overlapping search area. Accordingly, the outstanding requirement is traversed on the grounds that a search and examination of the entire application would not place a *serious* burden on the Examiner.

Therefore, it is requested that the requirement to elect a single species be withdrawn, and that claims 1-49 be examined on the merits.

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,
MAIER & NEUSTADT, P.C.
